

Everyman played by John Krich with Goods portrayed by Doug Cameron are shown in a sensitive scene from the play **Everyman** which opened Thursday night at the Phoenix Theatre. **Everyman** will be on stage every evening at 8 pm until April 1. Seating is limited and reservations are advised (Box office 477-4821).

Departments Meet Commission

The Commission on Academic Development has met with seven academic departments to get faculty views on what are, and what might be the on-going academic plans of the departments.

The commissioners want to know how these plans form a part of what the departments feel should be the academic stance of the university.

President Farquhar has asked that departments arrange such meetings through until April 14.

In a special memo to the deans, President Farquhar said, "It would be appropriate to include some cancellation of lectures so that colleagues could attend such a meeting."

Sessions began March 13 and departments already visited include Physics, Anthropology and Sociology, Chemistry, Psychology, Hispanic and Italian Studies, Slavonic and Oriental Studies, and Linguistics.

Dr. D.J. MacLaurin, Vice President Academic and commission chairman, said the meetings "are proving very helpful to the work of the committee."

Meetings for the week of March 27 are scheduled with Classics, Bacteriology and Biochemistry, and Biology.

Vikings Rugby Team Sets Tour

The UVic Rugby team will undergo fall training with a difference when it takes a three-week tour Down Under in late summer.

Coach Howard Gerwing, assistant manager and coach Ian MacLean, and twenty-five players will tour Australia, New Zealand and Fiji from August 10 to September 2. Games have been arranged against the University of Sydney and the University of New South Wales, both in Sydney, Australia, and a Fiji "youth" side in Nadi, sponsored by the Fiji Rugby Union.

Games in New Zealand have been voided by the New Zealand Rugby Union as a matter of policy. The Vikings will appeal the NZRU decision but will also make alternate plans through Allan Morton, former Viking coach, now at the University of Western Australia.

Coach Gerwing said the club is looking at the tour as an "intensive workout" before the rugby season here. Only five of the twenty-five making the trip are experienced players. The rest are just coming into the game and "it will be of great value to them," Coach Gerwing said.

This will be the second overseas tour in the history of the UVic club. In 1969, the Vikings toured Britain, winning two matches and losing four.

Only three who made the tour to Britain, captain Mick Eckhardt, Gary Johnson and Neil Bonnell will take the trip. Fullback Jim Wenman will be fourth if a torn hamstring mends.

Cost for each player on the \$25,000 tour is about \$450 with the club meeting \$10,000 of the total figure. It still needs \$5,000 in donations which can be sent to Dr. William Gordon, Assistant Dean of Arts and Science.

Guest Lecturers in Chemistry

Dr. H.E. Worster and J.G. Sanderson of MacMillan Bloedel, Vancouver, were guest lecturers in the Department of Chemistry during late February and early March.

They presented a short series of lectures in the areas of modern pulping methods and waste control practices of the pulp and paper industry to students in Chemistry 301, "Industrial Processes and the Chemistry of Pollution." The course is given by Dr. M.B. Hocking.

Benefit Concerts

The University Chorus and the University Orchestra directed by George Corwin will perform April 7 and 8 in two benefit concerts for the Taylor Music Scholarship fund.

Mozart's Requiem and Solemn Vespers of the Confessor will be featured in the concerts, to be given in the University Gymnasium 8 p.m. both days.

College System Examined

Two faculty members and one student have been named by President Hugh Farquhar to a task force considering the college system in the university.

Dr. David Leeming (Mathematics) is appointed chairman with members Dr. Ken Moss (Chemistry) and fourth year Arts and Science student Greg Fraser.

In general, the task force is to study the development and present state of the college system at the University of Victoria, and to make recommendations concerning the future of the college system on campus. A written report will be submitted to the President by April 30.

Faculty, staff and students are invited to submit recommendations. Written submissions should be in by April 7. Arrangements for oral submissions should be made with Mrs. Margaret Ferrier, Local 634.

VP Resigns for Top Civic Post

J.T. Kyle, Vice President Administration, has resigned his post after two years as Dean of Administration for a position as Commissioner of Works and Operations for the new City Government of Greater Winnipeg.

In announcing his resignation, Mr. Kyle said, "My years with the University of Victoria have been a useful experience. I am grateful to the University Board of Governors for providing me with the opportunity to participate in the administration of a university, and I hope that whatever small contribution I was able to make during my stay here will endure."

He came to the University in 1970 from a twenty-three year career with the Government of Saskatchewan and its Crown Corporations, during the last five years of which he was Deputy Minister of

Public Works for the Province.

Mr. Kyle takes up his new duties in Winnipeg July 1, 1972.

President Hugh Farquhar expressed regret at Mr. Kyle's resignation and said he had made a significant contribution to the University.

"We have had a very close and warm relationship and I have the highest regard for his abilities. I think it a great compliment to him to be offered this challenging position and I think Winnipeg is fortunate to get him. I wish him every success in his new role," President Farquhar said.

As Commissioner of Works and Operations, Mr. Kyle will administer an annual budget of \$200 million and a staff of 7,200. He will be involved in the switch-over of Greater Winnipeg from a split-level metropolitan government to a single administration involving the entire metropolitan area. Winnipeg, the fourth largest Canadian city with a population of 560,000, is the first metropolis in the country to amalgamate. All local governments were officially replaced January 1, 1972 with a fifty-member Greater Winnipeg city council.

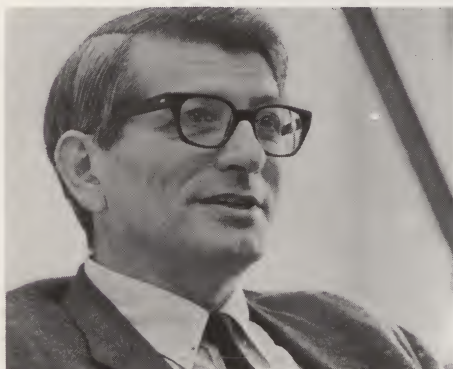

Psychologists Honoured

Dr. William Gaddes and Dr. Alex Bavelas of the Department of Psychology were elected Fellows of the Canadian Psychological Society at the February meeting of the CPA directors.

Dr. Gaddes started with Victoria College in 1946 and as Head of the Psychology Department in 1956 began building up a permanent staff from a total of two. He established the neuropsychology research program in 1962 and two years later added laboratory where persons with brain damage and other cerebral dysfunctions were seen for diagnostic testing. Today there are two labs, one at UVic and the other at Royal Jubilee Hospital.

Dr. Gaddes also instituted the Annual Workshop in Neuropsychology at UVic. The March workshop attracted more than 450 people from B.C., Alberta and Washington state.

Dr. Bavelas taught at the Massachusetts Institute of Technology for eleven years and was with Bell Telephone before teaching at Stanford University. He came to UVic in 1970. He was also on the research staff of the Institute for Defense Analysis, Washington, D.C., and while there directed a special project on Teleconferencing in

1964. Dr. Bavelas served also as a consultant to the U.S. President's Crime Commission, 1965.

Canadian Champs

UVic's Vikettes pushed aside the powerful UBC Thunderettes to collect the combined British Columbia and Canadian senior "A" women's basketball championship at the University of British Columbia's War Memorial Gymnasium.

Coach Mike Gallo and his squad gained the upper hand with a final 41-39 score by slowing the game down and preventing UBC from mounting a fast campaign.

Both teams entered the final round with three wins and no losses in the five-team, round-robin tournament. Vikettes' earlier won over St. John Alpines 58-41, London Grads 59-51, and Edmonton KGs 55-30.

The Vikettes had beaten the Thunderettes in February. The UBC team also suffered a single loss to Victoria Maplettes who were the defending champs before going down to UVic.

This is the fourth time in five years that the Canadian title has stayed in Victoria. Victoria Rawlings won it in 1968, retained possession under the label of Maplettes in 1969, and were defending their crown this season. The tournament was played March 10, 11 and 12.

faculty

Dr. William Benzie (English) has recently published *The Dublin Orator*, a study of 18th century rhetoric and *belles lettres* (The Scholar Press, Leeds).

Dean J.L. Climenhaga, Dean of Arts and Science, was in Ottawa recently to attend a meeting of the National Research Council Scholarship Committee which was considering the NRC post-graduate scholarship awards for 1972-73.

Dr. Don Knowles (Education) is the author of a submission on "Play Media in Elementary School Counseling" included in a recently published book, *The Elementary School Counselor in the Decade Ahead* (Holt, Rinehart and Winston).

Dr. T.R. King, Physics post-doctorate

fellow, and physics graduate students Seiichi Tanaka and Kovichi Nakano attended the Western Regional Nuclear Conference in Edmonton recently. Dr. King chaired the first session and both he and Mr. Tanaka presented papers.

Prof. Phillip T. Young, Chairman, Department of Music, was invited recently to the University of California at Berkeley to present a lecture for the Department of Music on "The Evolution of Baroque and Classical Woodwind Instruments and Some of the More Important Makers of Them."

Prof. Young, an authority on the instruments made by the Denner family of Nuremburg, had the opportunity to examine and authenticate a recently discovered clarinet in the University of California collection. The instrument appears to be the only such specimen in North America made by the actual inventor of the instrument ca. 1690.

Dr. John Downing (Education) was host of a half-hour Channel 6 TV program Thursday on the use and effects of the initial teaching alphabet in the Victoria and Sooke school districts.

George Forbes (English) has had two articles on the poetry of Matthew Arnold accepted for publication. "The Youth of Nature" and "The Youth of Man": Two Major Oracles on Life and Death with Mother" will appear in *The Malahat Review*; "Arnold's 'Oracles': Familial Myths in Some of Arnold's Philosophical Poems" will appear in *Essays in Criticism* (Oxford).

Dr. K.W. Rankin and Dr. C.B. Daniels (Philosophy) were guests of the annual Philosophy Conference held at Western Washington State College, Bellingham recently.

Dr. C.B. Daniels (Philosophy) has a paper entitled "Reference and Singular Terms" in the first number of the *Journal of Philosophical Logic*.

Prof. Howard Horsburgh (Philosophy) was a guest recently of the Department of Religious Studies, University of Calgary, where he spoke on various aspects of Ghandi's life and thoughts.

Dr. John Woods (Philosophy) participated in a Conference on the Foundations of Language held recently at the University of

Winnipeg. He addressed the conference at large on "Paradox and Mysticism: the limits of language"; and he read a paper to the Philosophy Department entitled "A Formal Semantics for Logics Admitting Empty Singular Terms."

calendar of events

SATURDAY 25

- 7:00 pm Faculty and staff family night/gym
- 7:30 pm Film/MacLaurin 144. Beatles Triple Bill "A Hard Day's Night", "Help" and "Let It Be"
- 8:00 pm Play/Phoenix Theatre. "Everyman"

SUNDAY 26

- 7:15 pm Film/MacLaurin 144. "Brewster McCloud"
- 8:00 pm Play/Phoenix Theatre. "Everyman"
- 9:15 pm Film/MacLaurin 144. "Brewster McCloud"

MONDAY 27

- 1:30 pm Lecture/Elliott 160. Dr. J.N. Pitts, Chemistry Department, University of California, will speak on "Atmosphere Pollutants and Pollution"
- 4:00 pm Lecture/Clearihue 206. Professor Colin Clark, Mathematics Department, University of British Columbia, will speak on "Mathematics and Conservation"
- 7:30 pm Film/MacLaurin 144. "Kleider Machen Leute" (German)
- 8:00 pm Scottish Dancing/Hut P
- 8:00 pm Play/Phoenix Theatre. "Everyman"

TUESDAY 28

- 1:30 pm Lecture/Elliott 168. Dr. Donald Lobb (Physics) will speak on "Physical Universe"
- 4:00 pm Co-ed softball league/Softball diamonds near gym

- 8:00 pm Faculty and staff badminton/gym
- 8:00 pm Play/Phoenix Theatre. "Everyman"

WEDNESDAY 29

- 12:30 pm Lecture/MacLaurin 103. Dr. Oliver Abrioux (French) will speak on "Le Theatre a Paris pendant la premiere partie du XXe siecle"
- 7:30 pm Lecture/Elliott 165. Dr. D.L. Senese will speak on "The Contemporary Soviet Experience" and Professor F.M. Liversedge will speak on "Russia in the North Pacific" (Division of Continuing Education in co-operation with Department of Slavonic & Oriental Studies)
- 8:00 pm Play/Phoenix Theatre. "Everyman"

THURSDAY 30

- 8:00 pm Play/Phoenix Theatre. "Everyman"

FRIDAY 31. University closed. Easter vacation.

- 12:40 pm Fitness for female faculty and staff/Hut P, Dance Studio
- 7:15 pm Film/MacLaurin 144. "Brand X" and "Bambi Meets Godzilla"
- 8:00 pm Play/Phoenix Theatre. "Everyman"
- 9:15 pm Film/MacLaurin 144. "Brand X" and "Bambi Meets Godzilla"

SATURDAY 1

- 7:00 pm Faculty and Staff family night/gym
- 7:30 pm Film/MacLaurin 144. Marx Brothers April Fool's Day Special, "A Day at the Races" and "A Night at the Opera"
- 8:00 pm Play/Phoenix Theatre. "Everyman"

MONDAY 3. University closed. Easter vacation.

- 7:00 pm Film/MacLaurin 144. "Die Buddenbrooks" (German)
- 8:00 pm Scottish Dancing/Hut P

TUESDAY 4

- 1:30 pm Lecture/Elliott 168. Dr. Lowell Hinrichs (Mathematics) will speak on "Post-Historic Man"
- 7:30 pm Lecture/Elliott 165. Dr. Leonard Laudadio will speak on "The Development of the Soviet Economy Since the Revolution" and Dr. G. Reid Elliott will speak on "Russia in the North
